

15 Research Paper

Paper 1

- **Title:** A Systematic Literature Review of Android Malware Detection Using Static Analysis
- **Authors:** Ya Pan, Xiuting Ge, Chunrong Fang, Yong Fan
- **Year:** 2020
- **Research Area:** Android Malware Detection and Static Analysis
- **Link:** <https://ieeexplore.ieee.org/abstract/document/9118907>

Paper 2

- **Title:** ANASTASIA: ANDroid mAlware detection using STatic analySIs of applications
- **Authors:** Hossein Fereidooni, Mauro Conti, Danfeng Yao, Alessandro Sperduti
- **Year:** 2016
- **Research Area:** Android Malware Detection and Static Analysis
- **Link:** <https://ieeexplore.ieee.org/abstract/document/7792435>

Paper 3

- **Title:** Apposcopy: Semantics Based Detection of Android Malware Through Static Analysis
- **Authors:** Yu Feng, Saswat Anand, Isil Dillig, Alex Aiken
- **Year:** 2014
- **Research Area:** Android Malware Detection and Static Analysis
- **Link:** <https://dl.acm.org/doi/abs/10.1145/2635868.2635869>

Paper 4

- **Title:** Explainable Artificial Intelligence (XAI) for Malware Analysis: A Survey of Techniques, Applications, and Open Challenges
- **Authors:** Harikha Manthena, Shaghayegh Shajarian, Jeffrey Kimmell, Mahmoud Abdelsalam, Sajad Khorsandroo, Maanak Gupta
- **Year:** 2025
- **Research Area:** Explainable AI and Malware Analysis

- **Link:** <https://ieeexplore.ieee.org/document/10944807>

Paper 5

- **Title:** Malicious URL Detection using Machine Learning: A Survey
- **Authors:** Doyen Sahoo, Chenghao Liu, Steven C. H. Hoi
- **Year:** 2017
- **Research Area:** Malicious URL Detection and Machine Learning
- **Link:** <https://arxiv.org/abs/1701.07179>

Paper 6

- **Title:** PermPair: Android Malware Detection Using Permission Pairs
- **Authors:** Anjali Arora, S. K. Peddoju, Mauro Conti
- **Year:** 2018
- **Research Area:** Android Malware Detection and Permission Analysis
- **Link:** <https://ieeexplore.ieee.org/abstract/document/8886364>

Paper 7

- **Title:** Deep Learning for Effective Android Malware Detection Using API Call Graph Embeddings
- **Authors:** Abdurrahman Pektaş, Tankut Acarman
- **Year:** 2020
- **Research Area:** Android Malware Detection and API Call Analysis
- **Link:** <https://link.springer.com/article/10.1007/s00500-019-03940-5>

Paper 8

- **Title:** Automated Static Code Analysis for Classifying Android Applications Using Machine Learning
- **Authors:** Asaf Shabtai, Yuval Fledel, Yuval Elovici
- **Year:** 2010
- **Research Area:** Static Code Analysis and Android Application Classification
- **Link:** <https://ieeexplore.ieee.org/abstract/document/5696292>

Paper 9

- **Title:** A Comprehensive Framework for Cyber Threat Detection: Leveraging AI, NLP, and Malware Analysis
- **Authors:** Nachaat Mohamed
- **Year:** 2025
- **Research Area:** AI Based Cyber Threat Detection and Malware Analysis

- **Link:** <https://link.springer.com/article/10.1007/s41870-025-02466-4>

Paper 10

- **Title:** Quishing Attack Detection and Mitigation Using Machine Learning and Deep Learning for Malicious URL Identification
- **Authors:** Ahmad Tayachi, Bassem Ouni, Azzam Mourad, Aiman Erbad
- **Year:** 2025
- **Research Area:** QR Code Security, Quishing and Malicious URL Detection
- **Link:** <https://ieeexplore.ieee.org/abstract/document/11059621>

Paper 11

- **Title:** Detecting Malware by Analyzing App Permissions on Android Platform: A Systematic Literature Review
- **Authors:** Adeel Ehsan, Cagatay Catal, Alok Mishra
- **Year:** 2022
- **Research Area:** Android Malware Detection and Permission Analysis
- **Link:** <https://www.mdpi.com/1424-8220/22/20/7928>

Paper 12

- **Title:** Android Malware Detection Using Permission Analysis
- **Authors:** Hossain Shahriar, Md. Islam, V. A. Clincy
- **Year:** 2017
- **Research Area:** Android Malware Detection and Permission Analysis
- **Link:** <https://ieeexplore.ieee.org/abstract/document/7925347>

Paper 13

- **Title:** Artificial Intelligence Based Malware Detection, Analysis, and Mitigation
- **Authors:** Amir Djenna, Ahmed Bouridane, Saddam Rubab, Ibrahim Moussa Marou
- **Year:** 2023
- **Research Area:** Artificial Intelligence and Malware Detection
- **Link:** <https://www.mdpi.com/2073-8994/15/3/677>

Paper 14

- **Title:** Phishing URL Detection Using Machine Learning Methods
- **Authors:** S. K. Hasane Ahammad, Sunil D. Kale, Gopal D. Upadhye, Sandeep Dwarkanath Pande, E. Venkatesh Babu, Amol V. Dhumane, Mr. Dilip Kumar Jang Bahadur
- **Year:** 2022

- **Research Area:** Phishing URL Detection and Machine Learning
- **Link:** <https://www.sciencedirect.com/science/article/abs/pii/S0965997822001892>

Paper 15

- **Title:** Secure QR Code Scanner to Detect Malicious URL Using Machine Learning
- **Authors:** Atharva Pawar, Chirag Fatnani, Rajani Sonavane, Riya Waghmare, Sarang Saoji
- **Year:** 2022
- **Research Area:** QR Code Security and Malicious URL Detection
- **Link:** <https://ieeexplore.ieee.org/abstract/document/9908759>
